What we did...

Delivery Standards for QM-Certified Courses

Are meant as

An aid for guiding delivery of a QM-Certified course.

A resource for your institution's purposeful and internal use

Are NOT meant to be

An all-inclusive list of online instructor competencies or tasks

A scored set of standards leading to any QM designation

Delivery Standards for QM- Certified Courses

Some of Our Questions

*Once the resource is ready for beta testing
(after inclusion of Standards Annotations):*

How might this resource be used specifically
at your institution?

How You Can Help

Annotations:

What types of information will be important to include?

Help Us Help You

How can QM:

- promote the understanding of what this new resource is and is not?
- help you introduce the resource at your institution?
